

## Jeffco Action Center, Inc.

*Giving Help, Providing Hope, Building Dignity*

# *Self-Sufficiency Society*

The Self-Sufficiency Society is a group of individuals, businesses and churches who made a conscious decision to make a five-year pledge to Jeffco Action Center at \$1,000 or more per year.

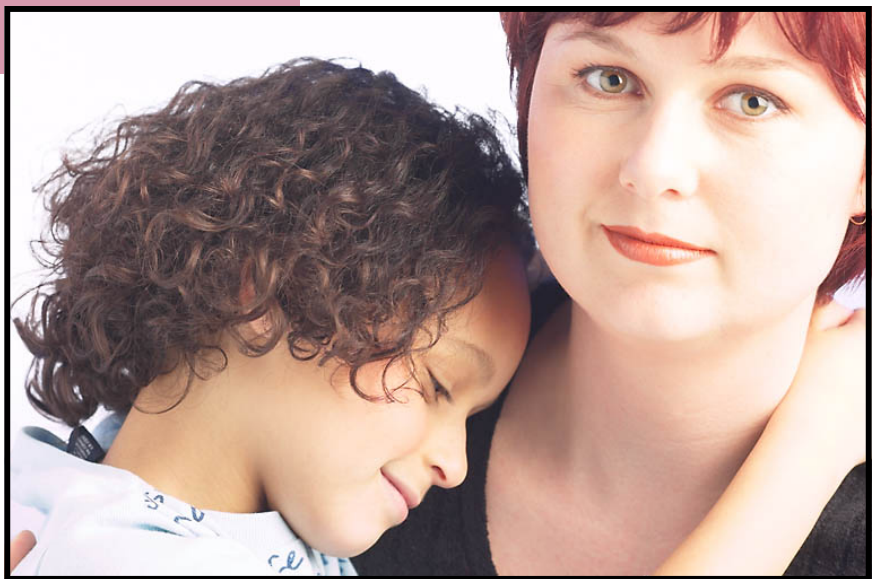

In the five years since the Society's inception, 98 supporters have pledged over \$1,250,000 dollars. This has made a significant impact on Jeffco Action Center's ability to meet the ever changing and increasing needs of the poor, working poor and homeless living in Jefferson County.

Self-Sufficiency members have unique opportunities to make additional impacts through school supply and Thanksgiving food packing nights. They also receive their own special edition of Jeffco Action Center's quarterly newsletter, *The Actioneer*, and a copy of the Annual Report. Self-Sufficiency members also receive email updates from the Director of Development and Executive Director throughout the year.
